Inside

Amboseli National Park

After all the time you've spent planning and dreaming about going on safari, this is where it finally starts. Your guide will meet you and explain everything you need to know and answer any questions you might have. And then we'll go out on safari together.

You're in for a real safari treat when you visit Amboseli. It's one of Kenya's most beautiful parks, thanks to the fact that Mt Kilimanjaro, Africa's tallest peak (5895m), dominates most views here. Amboseli is also famous for its large population of elephants with big tusks, and you have an excellent chance of seeing lions, cheetahs, hyenas, zebras, buffaloes, giraffes, wildebeests and many gazelles while you're here. With 420 bird species recorded, it's also a great place for birding.

About Us

Mission Tour and Travel

We are based in Kenya, and we have a representative in the US. Our partner in America is Dr. Mike Henderson, executive director of a mission agency called Heart of Africa.

Our company specializes in serving people who come to Africa on a mission. We started more than 25 years ago to serve the unique needs of missionaries. We soon discovered that many other groups of people come to East Africa on various kinds of missions: research, public health projects, study, philanthropy, etc. Our staff is trained and our vehicles are equipped to serve groups who have objectives to accomplish and need to do so efficiently and comfortably.

Although our company does not cater exclusively to the tourist trade, as many do, we want to show visitors to Kenya the beauties of our country: our game parks, our beaches, and our spectacular landscapes. We can tailor-make a mission safari for you which will include both the requirements to complete your mission and the opportunity to enjoy the scenic beauty Kenya.
